EXPEDITION EXPERIENCE

Expedition cruising is a unique experience and even more so when you cruise with *Orion*. We combine the presentation skills of recognised experts in all the disciplines of history, plant, marine and wildlife with the very real experience of being there. Many of our destinations are virtually inaccessible for cultural, environmental or logistical reasons. Your safety is paramount and our crew performs to the highest standards set by international maritime law. Our quest is to reveal authentic experiences in unique destinations. When we speak of "a path less travelled" these are the reasons why.

Day 2-4	At sea
Day 5	Macquarie Island

Day 12-16	Ross Sea Region

Our expeditions to this area of the Antarctic continent are led by husband and wife team Don and Margie McIntyre who in 1995 spent a year living at Cape Denison. Orion guests will have the opportunity to see extraordinary wildlife, towering glaciers and show shrouded mountains. Orion is the most recently constructed vessel capable of travel to Antarctica with her ice strengthened hull and oversized retractable stabilisers offering superior comfort compared to traditional ice breakers.
